

Application Serial No. 10/049,179
Amendment dated August 30, 2004
Reply to Office Action mailed June 28, 2004 (Paper No. 8)

REMARKS/ARGUMENTS

Claims 1, 2, 5 and 11 are pending in the application. Claims 3, 4 and 6-10 have been cancelled without intending to dedicate any patentable matter to the public. As set forth more fully below, reconsideration and withdrawal of the Examiner's rejections of the claims are respectfully requested.

Objection to the Specification

The Examiner has objected to the specification as containing references to Figures generally without reference to the individual views depicted. The specification has been amended to add reference to the specific figures with each referenced view.

Objection to the Drawings

The Examiner has objected to the drawings as lacking separate labels for each view. Applicants submit herewith replacement drawings having a separate label for each figure.

Based upon the foregoing, Applicants believe that all pending claims are in condition for allowance and such disposition is respectfully requested. In the event that a telephone conversation would further prosecution and/or expedite allowance, the Examiner is invited to contact the undersigned.

Respectfully submitted,

SHERIDAN ROSS P.C.
